our products

Pr Home are a family-run company that has been designing, producing, and supplying high-quality contemporary furniture and accessories since 1989.

Our products are crafted for both commercial and domestic environments. While strong and well-made, they will also add warmth and style to any home.

Based in rural Nottinghamshire, we design a large proportion of our accessories in-house, so our products have a unified aesthetic and feel. Influenced by Scandinavian and Mid-Century design, our design ethos has always been to treat functionality and aesthetics with equal merit. In short, we make stylish and durable products that are built to last.

It's important to us that our products stand the test of time, that's why large proportion of our lighting and accessories are made to our specification in trusted factories we have worked with for a number of years. Coupled with this, the majority of our wooden lighting is designed, wired and tested in-house by our skilled staff.

As our focus has always been to create stylish and durable contemporary products, we regularly supply our lighting, mirrors and accessories to commercial clients such as gastro pubs, boutique hotels, holiday accommodation, spas and restaurants.

Over the years we have also supplied several prestigious retailers, interior designers and organisations.

We use two main types of wood on our indoor furniture; Oak & Teak.

Oak

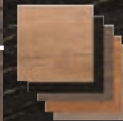

We use high quality solid oak on a large number of our indoor ranges such as Marrakesh & Totem. Our oak comes with an oiled finish as standard, without the option of additional finishes.

Teak

We use plantation teak on several of our mirrors and wooden lamps. Our teak comes untreated as standard, giving it a smooth sanded finish. Additional stains and oils can be used on ranges such as Vienna lamps & Shoreditch bootroom benches

the materials we use

Selected teak and natural hardwood items are available in additional finishes.
Look out for the symbol throughout the brochure.

NATURAL

Totally untreated teak or hardwood.

RAW

Our most subtle treatment, adds a protective, breathable layer to the wood without altering the colour too much.

PROTECTIVE OIL

Enriches the colour of the timber whilst providing a strong microporous barrier against marking & staining.

STAINED PROTECTIVE OIL

As per the protective oil but adds a greying finish to the timber giving it a walnut like colouring.

EARTH STAIN

A very dark brown stain.

painted finish

Add a touch of customisation with our **painted to order** items.

Selected items within our range are available in a painted finish.

These items are painted to order in a choice of nine colours (shown above).

We use a durable P/U based paint to ensure a durable finish.

Painted to order items are indicated throughout the brochure. Just lookout for the colour wheel symbol.

Stitch Rug

dhurries & cushion covers

ELEMENTS

Our Elements dhurries are flat woven floor coverings. Thinner than a standard wool rug, yet very robust and strongly made, the Element dhurries are a great alternative to a piled wool rug.

Made entirely in natural cotton fibres, our dhurries are made in India using traditional weaving techniques.

Sizes Available:

75 x 150cm

RRP £39.00

Product Care

Our accessories are designed to be both stylish and long lasting, however consideration should always be made with regards to the environment it is being used in. For high intensity environments we would recommend consideration as to how the product will be used and it's suitability for the job; our advice is always available if required. For more details please see our website:

prhome.co.uk/product-guides

Materials & Environment

It's important to us that our natural resources are used responsibly, that's why we work with trusted manufacturers and design our products to last. To find out more about the materials we use:

prhome.co.uk/materials-environment

Visit our showroom

You can find us in the picturesque village of Cuckney, North Nottinghamshire, where we have over 10,000 sq. feet of interior showroom and a modern structural garden showcasing our outdoor furniture.

Located equidistant between Sheffield and Nottingham, we are within a short distance from Sherwood Forest, Clumber Park, Creswell Crags and the Welbeck Estate.
